## Universal Student Body Bill Signed by Governor Warren

By KEITH KERWIN

Bill No. 827, which sets up the machinery for universal student body card fees in California state colleges, was signed into law last Friday by Governor Earl Warren.

While the new law contains a clause leaving the adoption of this universal ASB fee to individual college student bodies, this clause

### Library Deadline

Students are reminded that all library books must be returned and all fines paid by Thursday. Unless the library record is cleared, grades will be withheld, warns Barbara Wood, circulation librarian.

If a library book is needed for use on Friday, arrangements can be made at the Circulation desk for a renewal until that date, she says.

## '36 Spartan Editor Is Named Director Of Radio Free Asia

Richard Bertrandias, San Jose State college journalism graduate, was named acting program director Friday of Radio Free Asia.

Bertrandias' appointment was announced by George H. Greene Jr., president of the Committee for a Free Asia, Inc.

The 1936 graduate was sports editor of the Spartan Daily and recently has been doing work with the Japanese government as a radio information specialist. During World War II he served as a line officer in the Navy, and has had experience in the field of writing and producing with the National Broadcasting company. His home is in San Francisco.

Bertrandias will be working with John W. Elwood, former manager of radio station KNBC, and James Day of San Mateo, who has been executive assistant to the director of Radio Free Asia.

The unit will work to build Radio Free Asia into a useful aid in establishing individual and national freedom in those parts of Asia which are either under communist rule or are threatened by communist totalitarianism.

will not affect San Jose State college students. SJS students voted last April 2-3 to adopt such a program.

Students will not be required to pay the entire \$15 fee at one time, however, according to Mr. William Felse, graduate manager. Instead, Mr. Felse said, the student will pay \$5 at each of the three registration days during the college year.

Bill No. 827 received the unanimous support of SJS student and college officials. Former ASB president Dave Down and members of the Student Council made several trips to the state capital to work for passage of the bill.

"The universal ASB fee will allow more stabilization in the budgeting of student body funds and will increase the scope of such student benefits as the athletic, drama, publications, and music programs," ASB President Lud Spolyar said.

Mr. Felse said, "We are all very happy to see this legislation. Student affairs at SJS is a million dollar business. This law will make the administration of student activities much easier."

A system of this type benefits everyone, Mr. Felse explained. "In fact," he added, "California was one of the last states to adopt such a program."

### Commerce Movies To Aid Students

Movies on trade contracts, medical frauds, and the fashion business will be shown Thursday at noon to Mr. J. A. Burger's Commerce 30 class in Room 1A of the Art building.

"All interested students and faculty members are welcome," Mr. Burger said. The Coronet film on "What is a Contract" shows the legal duties and responsibilities of students seeking summer work and the employer, Mr. Burger explained.

According to Mrs. Gray, "Dr. Gray has long been ranked as America's top-flight leader in reading, and also has been called as a reading consultant to many foreign countries. Recently he made a two-months stay in Egypt as a consultant for the government."

Mrs. Gray is not related to Dr. Gray, she said, but she has collaborated with him on basic manuals and readers since 1939.

Dr. Gray's first work was "Oral Reading Tests", published in 1909, and still being used, Mrs. Gray said.

The two have collaborated on a teachers guide for the New Basic readers, and on a series of readers for the public schools, said Mrs. Gray.

## Children's Theater Opens

By DICK RUTHERFORD

Initial presentation of children's dramatics at San Jose State college will be given tomorrow and Thursday afternoons in the Little Theater. Matinees will begin at 3 p.m. Directed by Miss Winifred Ward, guest director from Northwestern university, the demonstration will be open to all students and the public without charge.

The program is divided into two parts. Both formal and informal dramatics for children will be presented by the Summer Session classes in Creative Dramatics and Children's Theater under the supervision of Miss Ward.

Besides teaching, she is Children's Theater chairman for the

American National Theater and Academy. She is also the author of "Creative Dramatics," "Theater for Children", and "Playmaking with Children".

Second part is a demonstration of formal dramatics, with the staging of a short play featuring a cast of youngsters and adults. "Youth's Highway", a two scene play by Constance Mackay, is directed by Miss Ward, assisted by Patricia Beandry and Elizabeth Abraham, Children's Theater students. It is a story of Michael Angelo as a young boy and will be played by 13-year-old David Wilson.

As Miss Centennial of Monterey county, Mrs. Tiernan said, she was directed by contest rules to remain single for the four-year period of her reign. "I'm afraid that I complied with the provisions of
